Reports of Committees

1. CEFP Committee (11/14/2019)

The meeting was not well attended. Since we essentially did our CEFP a year ago when we developed our bond program, there may not be a whole lot of interest in it. Nevertheless, it is a requirement to do it on a certain timeline. Captains of subcommittees will work to get people from the LSICs at each of the schools on those subcommittees. Once we have suggestions for goals and overall educational goals and the evaluation of the current CEFP, we will need board approval to adopt the goals. Then after more work on the CEFP, they will look at what facilities needs are to be addressed and then come back to the board for approval. All this must be later taken to the State Board for adoption by July 2020.

2. Roane-Jackson Technical Center Administrative Council (11/21/2019)

The food service teacher will be retiring this year. A couple nurses dropped out of their

nursing program. Also, there was an issue with their current SBA project where the contractor with the winning bid pulled out of the project.

There is another project in the planning stages concerning the water plant and sewage plant.

Superintendent's Remarks

Roane County High School will be upgrading the auditorium audio/visual (~\$50,000), and an additional \$7,000 will be used to get the floor refinished. We may consider this company to redo the other floors in the county that need to be refinished.

Speaker Hanshaw, Senate President Carmichael, Chair of the Education Committee on the House side, Delegate Ellington, and Senator Bob Plymale from the Educational Committee gave an up projection on what they thought would happen in this next legislative session. There was a lot of talk about higher education. Dr. Sarah Tucker spoke about pathways and how we need to do a better job standardizing across the state how students access dual enrollment. There is no reason why counties should work with one college and not the other. Though we have the traditional 4 year pathways using dual credits, there are also 2 year pathways or certificate pathways that community colleges could offer dual credit classes in high schools that could lead to something other than a 4-year degree. There was no talk about k-12, but there was a suggestion to include 3 year-olds into our Early Childhood program.

Roane County presented first at the recent SBA meeting. There were answers to all their questions since we were prepared. The SBA had \$26 million left after funding commitments of \$24 million from previous cycles, and there were \$133 million in requests.

Adjournment

1. Adjourn until the next regular meeting on Thursday, December 5, 2019 at Roane County High School at 6:00 pm.

Motion by Eileen Richardson and seconded by Gregory Boggs to approve. Motion carried.
