**Presentations**

**1. Positively Charged**

Our county's continued approval status by the WVBE was announced at their meeting last week. As part of the Balanced Scorecard Accountability Model that the state department developed a few years ago, there is a county level proficiency profile category, but due to COVID, some of the assessment data from last year is incomplete. We were rated for efficiency in Federal Programs, Special Education, Universal Pre-K, Finance, Personnel, Official Collections, and Child Nutrition and met requirements in all rated areas. Areas of Career and Technical Education, County Board Member Effectiveness, Facilities, and Transportation were not rated this year. This means our schools are officially accredited by the state board of education.

**2. Public Participation**

**3. Student Achievement**

We have developed a number of different approaches to deal with the concerns we've had with distance learning. First, we plan to identify those kids on distant learning that are not succeeding and come up with criteria to bringing them back to in-person instruction. We will be prioritizing Seniors, and families with multiple children that are struggling. Second, we will provide further professional development opportunities for our teachers with TNTP, which is a company that specializes in distant learning. Third, further professional development will be provided through our teacher mentoring program, which will focus on distance learning and family engagement. Fourth, we have put together a guideline for expectations in our academic programs and will follow with monitoring and enforcement in hopes to get our students and teachers back on track.

#### **Reports of Committees**

1. Roane-Jackson Technical Center Administrative Council (11/17/2020)

The tech center has been closed to ALL students (Jackson and Roane) the past couple weeks due to Jackson County being in red/orange. We had Students of the Month to recognize, but were unable to recognize them since no students were in attendance on that day. This also makes it difficult for many of the programs that rely heavily on hands-on experience.

SBA projects are wrapping up. The water plant has the money there, but is waiting on approval from the Bureau of Public Health, which has been busy. We hope to get this resolved soon since RJTC is one of the few schools remaining that pumps its own water and processes its own sewer on site.

The annual Council on Occupational Education (COE), the council that accredits the adult education programs will do their annual reviews virtually. It will be followed by a live visit once COVID is more under control.

**Superintendent's Remarks**

The contractor that repaired our cooling tower underbilled us by \$40,000. The contract was for \$480,000 and they only billed us for \$440,000. We will be paying for that difference shortly.

**Adjournment**

1. Adjourn until the next regular meeting, on Thursday, December 3, 2020, at 6:00 pm at Roane County High School

Motion by Gregory Boggs and seconded by Eileen Richardson to approve. Motion carried.  
(8:24 pm)
