# **Presentations**

- 1. Superintendent Spotlight
  - a. RCHS Graphic Design Program

Courtney Studley, Multimedia Publishing and Graphic Design Teacher, outlined the program's two CTE pathways, serving 80 students using Adobe software and project-based learning. Students have created the FLP logo, magazines, and photography projects, and is exploring local business and media partnerships. Future goals include a student-run digital marketing firm, expanded community connections, and greater access to technology.

2. Public Participation

None.

- 3. Policy 2322
  - a. 2025 Balanced Scorecard Report

District performance data was presented, noting enrollment of 1,454 students and overall improvement across schools. Spencer Elementary exited school improvement status, with gains in ELA, math, attendance, and discipline. Principals from Spencer Elementary and Spencer Middle were recognized for leadership and invited to participate in a statewide professional development initiative. Mathematics remains a focus area, with goals to be finalized at the next leadership team meeting.

# **New Business for Consideration and Potential Action**

1. Update on Roane County School State of Emergency

The impact statement and legal notice are already posted on the district website under the state of emergency heading for public viewing. Hard copies will be available at the board office starting 8:30 am tomorrow morning and will be delivered to all schools and LSICs by the end of the day. A second request has been made for a special education audit, though a date has not yet been set. Professional learning on financial statements continues, with staff receiving guidance and mentoring. Aside from these updates, there has been little change since the last meeting.

2. Change order for Safety and Security Upgrades at Roane County High and Spencer Middle Schools

Two change orders were discussed to spend leftover safety and security funds from the SBA (about \$68,000). To take advantage of this rare opportunity to use leftover SBA funds to address critical needs, a local contribution would be required. Change order 1 will replace the intercom system at RCHS, and change order 2 will replace doors at key areas of the high school, requiring

a county contribution of about \$3,000 and \$10,000, respectively. There is \$5,000 - \$6,000 from a state safety grant that may possibly be used, but this needs to be verified.

Motion by Dennis Carpenter and seconded by James Minney to approve change order #1. Motion carried. (6:47 pm)

Motion by Daris Harper and seconded by James Minney to approve change order #2 to fix doors at RCHS, using both SBA leftover funds from the MIP project and our own contribution.

Motion by Dennis Carpenter to amend the motion to have the approval dependent on the use of the state safety grant funds. Motion failed due to a lack of a second.

Back to the original motion to approve change order #2 to fix doors at RCHS, using both SBA leftover funds from the Safety and Security project and our own contribution. Motion carried. Dennis Carpenter opposed. (6:51 pm)

3. Superintendent's Report on Employee Feedback Surveys

The Superintendent presented results from an employee feedback survey conducted August 14-22, with 53 staff responses. Staff expressed excitement about student connections, positive leadership, collaboration, commitment to student success, and innovative programming. Challenges included staffing shortages, financial instability, student behavior, school climate, inadequate technology/training, and limited student support services. When asked what they would fix with a "magic wand," staff wished to resolve the deficit, restore staffing and programs, improve community support, expand student opportunities, and modernize facilities. Overall, responses reflected a workforce that is hopeful but strained-deeply committed to students, yet concerned about sustainability. Leadership will review the raw data and incorporate findings into strategic goal #3 (climate, culture, and internal effectiveness), with follow-up surveys planned.
