Presentations

1. Superintendents Spotlight- RCHS Wrestling Program and the Raider Wrestling Club
Anthony Roberts, President of the Roane County Wrestling Boosters, provided an update on the nonprofit organization's year-round wrestling program. He highlighted the club's downtown wrestling facility, which provides free practice opportunities for youth, middle school, and high school wrestlers, with only a USA Wrestling membership fee required. He discussed the club's fundraising efforts, camps, clinics, and commitment to developing student-athletes through leadership, confidence, and discipline. Board members commended the group for overcoming facility challenges and creating a valuable community resource that supports local students and the growth of wrestling in Roane County.

Chairman of the House Education Committee, Joe Statler, addressed the Board regarding ongoing efforts to identify legislative solutions related to the administrative staffing requirements and financial penalties facing Roane County Schools under WV Code 18-9A-4(c). Chairman Statler discussed the challenges associated with declining student enrollment, mandated staffing positions, school funding concerns, and special education funding. He reaffirmed his commitment to working with state leaders to pursue relief measures for counties impacted by these issues. The Board expressed its appreciation to Chairman Statler for his continued support and advocacy on behalf of Roane County Schools.

2. Public Participation

Ms. Ota set the public participation sign-in sheet out at 5:45 pm and it was removed at 5:55 pm. There was no participation.

3. Policy 2322 - Special Education Annual Review

Special Education Coordinator Sarabeth Monk presented the annual Special Education determination report. Roane County earned 55.14% on the performance matrix and 86.84% on the compliance matrix, with an overall determination score of 73.70%, resulting in a designation of Needs Assistance, Year One. Areas of concern included a special education graduation rate of 84.62% compared to the state target of 86.21%, a dropout rate of 7.69% compared to the target of 3.17%, and lower performance in 11th grade ELA, 11th grade mathematics, and 8th grade mathematics. The county's special education population was reported at approximately 26% of total enrollment. Administration noted that previously identified preschool compliance issues have been corrected and discussed plans to focus on improving academic outcomes, particularly at the high school level. The Board discussed improvement goals and thanked Ms. Monk for her presentation.

New Business for Consideration and Potential Action

1. Agape Community Works Foundation Proposal

Terri Brown presented a proposal on behalf of Agape Community Works Foundation regarding the potential acquisition and redevelopment of the former Geary and Walton school properties. Brown outlined plans to repurpose Geary Elementary as workforce housing and Walton Elementary as a business incubation and community development center, with the goal of increasing population growth, economic development, and workforce opportunities in Roane County. The proposal included a purchase offer of \$50,000 per property (\$100,000 total) through a negotiated sale for economic development purposes. Board members asked questions regarding funding, governance, property reversion provisions, project timelines, and long-term sustainability. No action was taken at this time.

2. Roane County Universal Pre-K for 2026-27

Superintendent Stellato presented the 2026-2027 Universal Pre-K contract, budget, calendar, and program structure amendment for Board approval. The Universal Pre-K Core Team met to finalize the program, including adjustments resulting from the closure of Walton Elementary and the relocation of preschool classrooms to the Roane County Early Childhood Center. The calendar mirrors the Roane County Schools calendar, with preschool beginning one week later and ending one week earlier. The Board also reviewed the continued partnership with Appalachian Council Head Start, which provides classroom space for preschool special needs students.

Motion by John Gray and seconded by Terry Miller to approve. Motion carried. (7:30 pm)

- a. Contract
- b. Budget
- c. Calendar
- d. Amendment of Program Structure

Continuing Business

Daris Harper asked to move the Update on Roane County Schools' State of Emergency to be discussed first under Continuing Business.

1. Property matters involving Walton Elementary Middle and Geary Elementary Middle Schools

Superintendent Stellato reported that surplus sales were completed at three school properties: Spencer Elementary School, Geary Elementary School, and Walton Elementary School. Community participation exceeded expectations, and a significant amount of surplus property was sold. Spencer Elementary has been fully cleared, while Geary and Walton still contain remaining items. Administration is exploring additional opportunities to make those items available to the public and 501(c)(3) organizations before determining final disposal or transfer with the properties. The district encouraged interested community members and organizations to contact the central office regarding available items.

Motion by James Minney and seconded by Eileen Richardson to go into an executive session to discuss property matters, as per WV Code 6-9A-4(b)(9). Motion carried. (7:57 pm)

Motion by John Gray and seconded by Eileen Richardson to return to open session. Motion carried. No action was taken in closed session. (8:50 pm)

2. Update on Roane County Schools' State of Emergency

Superintendent Stellato provided an update on the district's compliance with West Virginia Code 18-9A-4c, explaining that Roane County currently employs 91 instructional

professional personnel, representing 89.4% of its professional staff, below the required 91.07% for sparsely populated counties. The district's non-instructional staffing rate is approximately 10.6%, exceeding the allowable 8.93%, with 10.9 non-instructional positions counted under the formula. Administration reported that approximately 122 instructional personnel would be needed to meet the requirement, requiring the addition of about 31 positions at an estimated cost of \$1.44 million in state aid funding and nearly \$2 million in actual salary costs.

House Education Committee Chairman Joe Statler discussed ongoing legislative efforts to address the issue, noting that five counties were affected by the provision last year and that counties without excess levies face significant challenges in meeting the staffing requirements. The Board discussed the financial impact of potential penalties and the need for legislative relief for small, rural school systems experiencing enrollment declines.

Reports of Committees

1. Roane-Jackson Technical Center Administrative Council (8/21/2026)

Mr. Gray reported that the Administrative Council approved financial reports, expenditures, transfers, supplements, and personnel recommendations for the upcoming school year. The Council also approved clinical and job training sites, reviewed CDL handbook and refund policy revisions, and received updates on adult education programs. The CDL program is full, the LPN program has one opening remaining, and Building E construction has been completed.

Superintendent's Remarks

The Superintendent reported that preparations for the upcoming school year are underway, with enrollment being closely monitored and staffing adjustments to be made as needed. School open houses are scheduled for the Thursday before school begins, with staggered start times at each school. Students in grades 1-12 will begin school on Monday, August 17. Kindergarten students will follow a staggered schedule, with half attending on Tuesday, August 18, half on Wednesday, August 19, and all kindergarten students attending on Thursday and Friday, August 20-21. Preschool students will follow a similar staggered schedule the following week. Board members also discussed information from the WVSBA President's Retreat, expressed appreciation to the leadership team and central office staff for their work during the recent school surplus sales, and extended thoughts and prayers to neighboring communities impacted by the recent devastating flooding.
